## CVC Decodable Reading Books Scope and Sequence

- The CVC readers only use the words: **I, a/A, is, of.**
- All the other words are 3 letter, decodable words with a short vowel sound.
- Pictures make up for the lack of words, while not encouraging guessing.
- Each book tries to tell a simple story.
- Each book has been tested on children with severe special needs and those with none – all have loved them as they can read them!
- The books should be read in order as words from all five vowel families are gradually introduced, starting with those in the /a/ family.
